units of Botox

Look and Feel Your Best this Summer!

Wednesday, August 16 from 1:00 - 5:00 p.m. in Temecula.

Please R.S.V.P.

Joan H. Kaestner, M.D. along with the ladies from Restylane and Botox, will join us for this special evening. Find out why Restylane® and BOTOX® have made headlines all over the world. **Restylane®** is the worldwide leader in dermal fillers. It can give you dramatic results in only one simple, non-surgical treatment by shaping and softening facial wrinkles and folds for long-lasting results without downtime. And what is all the buzz about **BOTOX®**? One 10-minute treatment -- a few tiny injections -- and within days there's a noticeable improvement in those persistent lines. A million people have been treated with FDA-approved BOTOX® Cosmetic. There's only one BOTOX® Cosmetic.

Door prizes, great food, and drink, along with very special BOTOX® and Restylane® offers will help you look and feel your best this spring... *without spending a fortune.*
